Re: Notice of Violation: EPA Docket No. CAA-02-2015-1301

Dear Mr. Farley:

Enclosed please find a Notice of Violation ("NOV") issued by the U.S. Environmental Protection Agency pursuant to Section 113 of the Clean Air Act ("CAA"), 42 U.S.C. § 7413. The NOV identifies violations of New Jersey Administrative Code 7:27-14.3(a), which is part of the federally enforceable CAA state implementation plan for the State of New Jersey. The violations involve causing, allowing and/or permitting the idling of diesel-powered trucks for more than three minutes at a time at the Port Newark-Port Authority Marine Terminal.

If Maher Terminals LLC would like to schedule a face-to-face conference to discuss the NOV, please contact Phillip Ritz, at [ritz.phillip@epa.gov](mailto:ritz.phillip@epa.gov), or have your legal counsel contact Denise Leong, Assistant Regional Counsel, at [leong.denise@epa.gov](mailto:leong.denise@epa.gov), within ten days of your receipt of this letter and the enclosed NOV.

Sincerely,

Dore LaPosta, Director  
Division of Enforcement and Compliance Assistance

Enclosure

cc: Richelle Wormley, Director  
Air and Hazardous Materials Enforcement  
New Jersey Department of Environmental Protection

**UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
REGION 2**

In the Matter of:

Maher Terminals LLC  
Newark, New Jersey

Respondent

In a proceeding under Section 113(a) of the  
Clean Air Act, 42 U.S.C. § 7413(a)

**NOTICE OF VIOLATION**

CAA-02-2015-1301

**Summary**

This Notice of Violation (NOV) is issued to Maher Terminals LLC (Maher Terminals or Respondent) by the Director of the Division of Enforcement and Compliance Assistance for the United States Environmental Protection Agency (EPA) Region 2, pursuant to Section 113(a)(1) of the Clean Air Act (CAA or the Act), 42 U.S.C. § 7413(a)(1). The NOV identifies violations of New Jersey Administrative Code (NJAC) 7:27-14.3(a), which is part of the federally enforceable CAA state implementation plan, or SIP, for the State of New Jersey: The violations involve causing, allowing and/or permitting the idling of diesel-powered trucks for more than three minutes at a time at the Port Newark-Port Authority Marine Terminal.

**Statutory and Regulatory Background**

**State of New Jersey SIP Requirements**

1. Section 109 of the CAA directs the EPA Administrator to promulgate regulations establishing national ambient air quality standards (NAAQS) for each air pollutant for which air quality criteria have been issued pursuant to Section 108 of the Act.

2. Section 110(a)(1) of the CAA requires each state to adopt and submit to EPA for approval, a plan that provides for the implementation, maintenance, and enforcement of each NAAQS. Such plans, once approved by EPA, are known as State Implementation Plans, or SIPs.

3. At all times relevant to this NOV, the federally approved ozone SIP for the State of New Jersey has included NJAC 7:27-14.3(a), and that provision has provided that: "No person shall cause, suffer, allow, or permit the engine of a diesel-powered motor vehicle to idle for more than three consecutive minutes if the vehicle is not in motion..."

4. At all times relevant to this NOV, NJAC 7:27-14.1, as approved into the ozone SIP for the State of New Jersey, has defined "person" as "any individual or entity and shall include, without limitation, corporations, companies, associations, societies, firms, partnerships, and joint stock companies, and shall also include, without limitation, all political subdivisions of any states, and any agencies or instrumentalities thereof."

#### EPA's Authority to Issue NOVs and Enforce SIPs

5. Section 113(a)(1) of the CAA provides, in pertinent part, that whenever the EPA Administrator finds, on the basis of any information available to the Administrator, that any person has violated or is in violation of any requirement or prohibition of a SIP, the Administrator shall notify the person and the State in which the SIP applies of such finding. Section 113(a)(1) further provides that after 30 days of providing such notice, the EPA Administrator may take various actions to address the violation(s).

6. Pursuant to EPA Delegation of Authority 7-6-A and EPA Region 2 Delegation of Authority 7-6-A, the authority to make findings of violation and to issue notices of violation under Section 113 of the CAA has been delegated to the Director by the EPA Administrator through the Region 2 Regional Administrator.

### **Findings of Fact**

7. The following findings of fact are based on an investigation conducted by EPA Region 2 pursuant to Section 114 of the CAA, 42 U.S.C. § 7414. The investigation included, among other actions, inspecting the Port Newark-Port Authority Marine Terminal and reviewing Respondent's responses to EPA's March 29, 2012 Section 114 information request letters.

8. The Port Authority of New York and New Jersey owns the Port Newark-Port Authority Marine Terminal (the Terminal), a marine cargo terminal located in Newark, New Jersey, as indicated in the May 11, 2012 Maher Terminals Section 114 Response Letter, Answer No. 2 and Lease Attachment.

9. Respondent leases a portion of the Terminal from the Port Authority of New York and New Jersey, as indicated in the May 11, 2012 Maher Terminals Section 114 Response Letter, Answer No. 2 and Lease Attachment. For the purposes of this NOV, the portion of the Terminal leased is referred to as Maher Terminal Facility.

10. Trucks enter the Maher Terminal Facility from Corbin Street and pull up to a portal where the container is weighed and pictures are taken of certain sides of the container remotely. At the next gate, the trucker interfaces with a Maher Terminals employee by intercom and provides information about the truck, which the Maher Terminals employee crosschecks. Maher's terminal operating system will take the information into account and assign the trucks a slot to pull into. *See* May 11, 2012 Maher Terminals Section 114 Response Letter in Answer No. 4.

11. Respondent does not issue idling citations, tickets or other similar types of documents for idling at the Maher Terminal Facility, and is not aware of any other entities that do so, as indicated in the subsequent May 29, 2012 Maher Terminal Section 114 Response Letter in Answer No. 6.

12. EPA Region 2 compliance inspectors inspected the Maher Terminal Facility on the dates listed in the table below. On each of those dates, the inspectors observed idling diesel-powered motor vehicles at the Maher Terminal Facility. The table below lists the number of times, on each date, when

the inspectors observed a truck idling for more than three minutes while going through the check-in process described above in Paragraph 10.

<b>Date</b>	<b>Queue idling events lasting more than 3 minutes</b>
4/10/2012	15
4/13/2012	21
4/17/2012	48
4/18/2012	4
4/19/2012	3
4/20/2012	13
<b>Total</b>	<b>104</b>

13. In addition to observing the truck check-in process, EPA inspectors also observed the container loading process on the dates listed in the table below. On each of those dates, the inspectors observed idling diesel-powered motor vehicles at the Maher Terminal Facility. The table below lists the number of times, on each date, when the inspectors observed a truck idling for more than three minutes while the trucks were at their assigned slot location.

<b>Date</b>	<b>Container loading idling events lasting more than 3 minutes</b>
1/31/2012	3
2/16/2012	11
<b>Total</b>	<b>14</b>

14. On none of the dates listed above did EPA inspectors observe any Respondent's employees advising the idling truckers to turn off their engines.

#### **Conclusions of Law**

Based on the Finding of Fact set forth above, EPA reaches the following conclusions of law:

15. Respondent is a "person" within the meaning of NJAC 17-27-14.1.

16. Respondent has caused, allowed and/or permitted diesel-powered motor vehicles to idle for more than three minutes at a time in violation of NJAC 7:27-14.3(a).

### **Penalty Assessment Criteria**

Section 113(e)(1) of the Act provides that if a penalty is assessed pursuant to Section 113 of the Act, EPA or the court, as appropriate, shall, in determining the amount of the penalty to be assessed, take into consideration the size of the business, the economic impact of the penalty on the business, the violator's full compliance history and good faith efforts to comply, the duration of the violation as established by any credible evidence (including evidence other than the applicable test method), payment by the violator of penalties previously assessed for the same violation, the economic benefit of noncompliance, the seriousness of the violation, and other factors as justice may require.

Section 113(e)(2) of the Act allows EPA or the court, as appropriate, to assess a penalty for each day of violation. In accordance with Section 113(e)(2) of the Act, EPA will consider a violation to continue from the date the violation began until the date Respondent establishes that it has achieved continuous compliance. If Respondent proves that there was an intermittent day of compliance or that the violation was not continuous in nature, EPA will reduce the penalty accordingly.

### **Opportunity for a Conference**

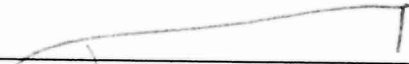

Respondent may request a conference with EPA concerning the violation(s) alleged in this NOV. This conference will enable Respondent to present evidence regarding the findings of violation, the nature of the violation, and any efforts it may have taken or it proposes to take to achieve compliance. Respondent's request for a conference must be confirmed in writing within ten (10) days of receipt of this NOV. The request for a conference, or other inquiries concerning this NOV, should be made by email to [leong.denise@epa.gov](mailto:leong.denise@epa.gov) or in writing to:

Denise Leong  
U.S. Environmental Protection Agency – Region 2  
Office of Regional Counsel – Air Branch  
290 Broadway – 16th Floor  
New York, NY 10007-1866

Notwithstanding this NOV and the opportunity for conference, Respondent must comply with all applicable requirements of the CAA.
